New Classroom Protocol

As we enter into Snip & Stitch's new norm "Phase 2" we are moving forward slowly and adding another level of service back to our store. Lessons are back but a very different form.

Outlined below are some of the "New Protocol's" per Health Regulations that we must all follow to keep us all safe. If you have any questions please ask Kathy 250-756-2176

- ◆ The classroom has been set up to teach 3 customers at most. Each customer will have their own individual tables that will include sanitizer, gloves and disposable mask. Please make use of these products if desired to feel safe. Please clean up around your station as the day proceeds.
- ◆ You must wear a mask and your instructor will as well. Customers are to wear masks in the classroom when there is less than 2m away from their instructor. This is mandatory.
- ◆ Please bring to class all supplies that are needed and have been requested by your instructor/teacher.
- ◆ Some basic sample fabrics and stabilizers will be supplied by Snip & Stitch Sewing Ctr., this will vary depending on the different type of lessons that will be given and per your instructor/teacher.
- ◆ These are hands on lessons so you must bring your serger or sewing machine with or without Embroidery Unit and include all accessories, power cord, foot control.
- ◆ Kitchen is off limits at this time, please bring coffee cup, water bottle and any utensils and dishes you will need for lunch. We will supply coffee and teach but please use the sanitizer before touching the equipment in the kitchen.
- ◆ Bathroom facilities will be kept clean at all times for your usage throughout the day.
- ◆ With following the Health and Safety Covid-19 rules we are limited to 4 people in the store at one time. If you would like to go to the other part of the store to look or shop just let your instructor know and we will work this out with the numbers entering in the store. We will make this work.
- ◆ A 25% off discount will be given on any purchase, excluding items ending in .99 , sewing machines and sergers.
- ◆ No reusable bags are allowed in the store so please pack your lesson items accordingly.
- ◆ Please note for Ron Collin's classes in July, the classroom will be expanded in order to accommodate 4-5 customers.

Thanks Kathy, Perry and our team

"Enjoy our New Normal, we are here to inspire you"
