

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

Snip & Stitch

Coverpro Garment Jalie 3245 Start to Finish
Cathy Martino

Brief Description of Class: In this class students will make the Jalie Tunic top or tshirt completely on their Coverpro machines. In the prep class we will find sizes, trace the pattern, draft the optional cowl neck, and discuss seam finishes and notions needed. The sew day will be for constructing the garment, practicing seam options, and finishing techniques. Learn how to use your machine to its full potential.
