**All About the Weightless Quilter
Winter 2019
Donna Morton.**

This is the solution everyone has been looking for. Free-motion, stitch regulator, walking foot friendly, and embroidery machine friendly, the Weightless Quilter lifts the quilt above the machine bed while you stitch without stress on your body. No more fighting all that bulk on small to king-size quilts. Sets up in minutes: under any sewing table, even in small spaces. Come see the Weightless Quilter in action and even give it a try! You will be amazed at the versatility of this unique system.
