

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

All About Pinpoint Placement Winter 2018 Donna Morton.

The new upgrade for the 790 and 880, the 700 and the new Plus line of sewing/embroidery machines from Bernina have an absolutely fabulous new feature called Pinpoint Placement. You can place your design on the fabric exactly where you want it. It is very easy to use and you will have perfect results quickly and precisely. Several examples will be demonstrated including how Pinpoint placement makes it possible to stitch continuous line quilting designs with ease! The *Tula Pink Quilting Collection*, an exclusive collection from Bernina has lots of possibilities! This is only a sample of how you can use them to create a whole cloth type of quilt using your embroidery machine. For all current owners and those interesting in purchasing a new machine.
