Dresden Collage Quilt, design your own

Cathy Martino

Brief Description of Class: Dresden blocks have come a long way from our grandmothers. In the prep class, Cathy will show a slide show of possibilities with Dresden fans and blocks. You will be given instructions for the sample quilt, but students are encouraged to do their own thing. Prep class will be for planning and figuring fabrics. Cathy will have instructions for the sample background and each of the Dresden versions applied on it. Lots of technique learning including using the ruler, different ways to cut, making the blocks, appliqueing them to the background, turned under and raw edge applique and more. Come make a one of kind project.
