Jalie Drop Pocket Cardigan 3248

Cathy Martino

Brief Description of Class: In the prep class students will find their size in this pattern, trace out the pattern onto tracing paper, check some fitting questions, and discuss fabrics. Cutting out will be done at home. The second class will be for constructing the cardigan with tips for working with different fabrics, stabilizing the shoulders and pockets, binding the back neck edge, and options for hems. This can be made with regular machines or with the addition of a serger.
