

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

**Machine Embroidery/ Software Café
FALL 2017
Donna Morton**

Machine Embroidery/Software Café is an informal way to get help with your embroidery or software products. Get help getting started with a project, fixing a mistake, transferring designs to your embroidery machine, or work on basic computer skills including help with your embroidery software, Internet smarts, e-mail, etc. The is also a great class for those who have bought a previously owned embroidery machine and just need help getting going. The number of students per session is limited to ensure everyone gets the help they want. Register early so you will not be disappointed.

Supplies will vary from student to student. If you are not sure what to bring, e-mail me (donnamo@snipandstitch.com) with a description of what you want to work on and I will return the e-mail with some suggestions of what you need to bring.

See you at Class!
