The Flourish Table Runner by Colette Belt with digitized appliqué embroidery designs by Donna M is a great project for those wanting to learn all about multi-hooping and in-the hoop appliqué. After piecing the background, you will use a full-scale template to mark the start of the embroidery design. You will use the traditional trim in place technique appliqué technique used by many digitizers for in the hoop appliqué designs. Quilting the completed runner will also be discussed. Minimum hoop size for this project is 200 X 280 mm.
