Leonie West designed the Folder Kit that comes with your Janome Ruler Kit. The quilting on the Template Folder makes use of the rulers that come with the kit. Let's get together to learn how to use the ruler's so you can make your own Template Folder.

PRE-CLASS PREPARATION

Space in the classroom is limited.

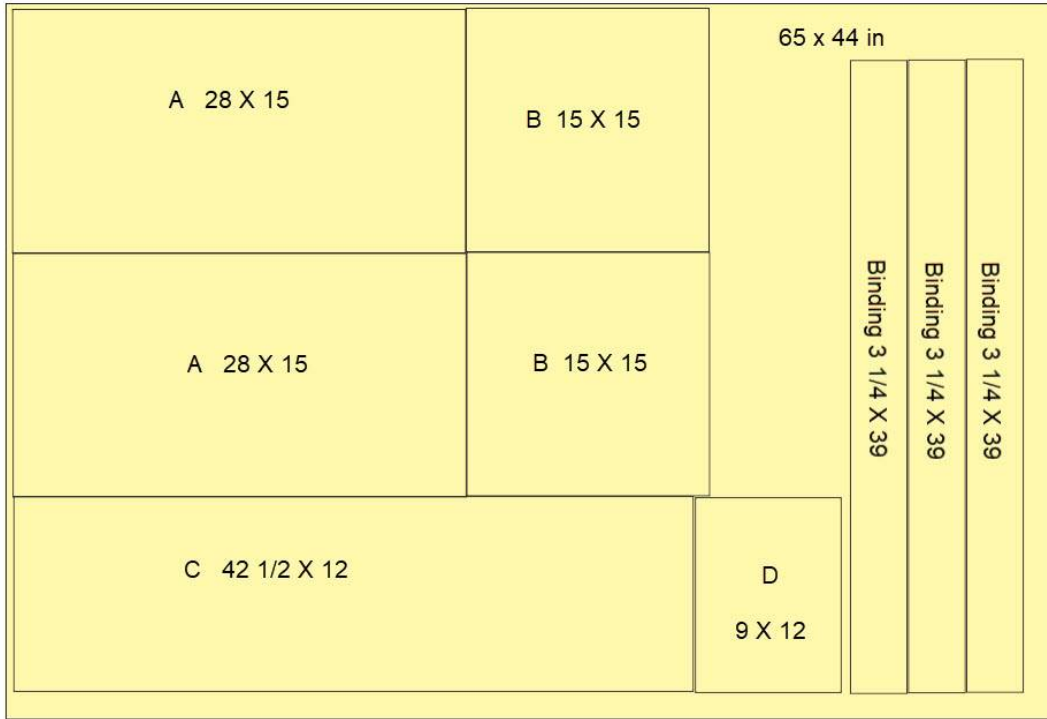

Use Mary Ellen's Best Press to starch your fabric before class. Use at least 2 coats. This will make marking and cutting much easier.

Please cut your 12 inch square practice pieces and layer with batting and backing at home. Baste with 505 or safety pins. You will use the same brand but contrasting colour thread on these practice pieces.

Please pre-cut your fabric and batting for the Ruler Folder, following the instructions in the booklet that accompanies your Ruler Work Kit. They are on the second to last page of the booklet.

If you cannot cut the pieces across the width of the fabric, then cut the pieces along the length of the fabric, following the diagram on the next page of this supply list.
