### PRE-CLASS PREPARATION

**Space in the classroom is limited. Please ensure you prepare your fabric at home.**

- From your fabric for the top, cut or tear a square that is 34 X 34 inches. Using Mary Ellen's Best Press, spray and iron dry twice. This will make it easier for you to mark the fabric.
- If you are using a backing, cut 37 inches square.
- Cut batting 36 X 36 inches.
  - The top, backing (if using) and batting are cut extra large to ensure proper hooping.
- DO NOT layer top, backing (if using) and batting at this time.

The first part of day 1 will be devoted to using your laptop computer. When you arrive at the store, leave your machine in the car. Just bring in your computer.

I do my best to ensure the supply list is complete. If you think I have left something out, please bring it.
