

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

**Cross Stitch on an Embroidery Machine
Winter 2019
Donna Morton.**

It is very rewarding to stitch out cross-stitch designs on your embroidery machine that would take days or weeks by hand. Learn the tips and techniques needed to successfully stitch out purchased cross-stitch embroidery designs. Also learn how Bernina Embroidery Software 8.1 Designer Plus or Janome Digitizer MBX Ver 5 software can be used to create your own cross-stitch designs.

SUPPLIES	Our Part #
This is a demonstration only. Please come with a pen or pencil and paper for note taking. Pictures are permitted. Demo embroidery files are available so please bring a USB stick as well.	

If you have any questions please e-mail at donnamo@snipandstitch.com
