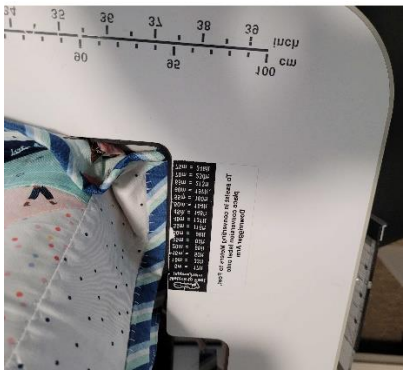
JANOME UNIVERSAL SEWING TABLE, COMPLETE WITH CANVAS SIDE POCKETS (Machine not included)

This universal sewing table has a table surface of 45" x 17.5", The machine opening is 10 5/8" x 23 5/8" and there is extra space at the end of the opening for the various machine plugins as well as a space at the front to accommodate a knee lift.

This fits most mid size sewing machines. I have used it with my Bernina 580, Janome 15000, Janome 6700 and Janome 9450. I have several inserts available depending on your machine.

Table height without mounts 27", with mounts 29".

The strong canvas side pockets also give plenty of extra storage without sacrificing any sewing space and are easy to remove if desired.


Asking $450. Call Doreen at (250)240-2138 or email at hustond@rocketmail.com
