

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

**Create Cross Stitch Designs With Your Bernina Software 8 or 9 OR Janome Digitizer MBX Software
FALL 2022
Donna Morton**

Cross stitch designs are easy to digitize with your Bernina Embroidery Software (8 or 9) or your Janome Digitizer MBX Software. The cross stitch function is an often overlooked but fun part of your software package. Once digitized, stitch in a day on your embroidery machine what might take weeks to stitch by hand. In this hands on computer class you will digitize a simple hand cross stitch chart for stitching on your embroidery machine.

SUPPLIES	Our Part #
