BERNINA SOFTWARE INSPIRATIONS - FALL 2023

Donna Morton

This 10 month class by Bernina Educator Debbi Lashbrook will dive into practical uses for your embroidery software and showcase the tools to bring your own vision to life. Suitable for new and existing software users alike, these lessons will open up a new world of embroidery possibilities. Each Lesson has a Power Point presentation, notes and a recorded video. Register early so you will not be disappointed.

You will receive complete instructions for the demonstration so you might want to start a binder with paper for taking notes and for keeping the instructions.

You should also bring a large capacity, (128 GB or larger) Ultra Speed USB 3 stick. Other than that you do not need to bring anything except your questions and enthusiasm!
