Pillowcase Madness

with Julie

Pillowcases are fast, fun and easy to make. This beautiful, pieced version requires only a straight stitch sewing machine, has no exposed raw edges and requires no hand stitching. You'll also learn Julie's no fuss trick to making perfectly matched pairs. There are so many variations possible that you'll want to make them again and again. Great for gifts, you'll want to make some for all your friends and family. (Don't forget about some for charity and of course yourself!)
