Laura Heine Collage Quilting, Pick Your Project

Cathy Martino

Brief Description of class: In this class students will pick the Laura Heine project that they would like to work on. In the prep class fabrics and supplies will be gone over as they differ with the different projects. Her technique uses fussy cutting of fabrics to build a collage or fusing and cutting tabs of fabric to build a collage. The first full day will be for building the collage units and sorting out the background. The second full day will be for completing the picture, layering, and quilting. Different finishing techniques will be discussed.
