Brief Description of Class: Choose any of Tamara Kate's foundation pieced patterns to work on in this class. The prep class will be used for learning what notions to use, choosing fabrics, making a fabric key, and getting set to sew. The second class will be for learning the foundation piecing technique and learning how to join the different sections. The 3rd class will be for basting, quilting, and making the binding. Embellishment possibilities will be discussed.
