

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

Exclusive day sewing

with Ron Colins

This is an open project workshop meaning that students can work on whatever they want (except jeans, which is a separate workshop on its own). The patterns you choose do not have to be from major pattern companies (Vogue/Butterick/McCall's). They can also be from smaller independent pattern companies (example: Jalie/Closet Core).

Students work on tops, jackets, knit tops, dress pants, whether in woven or stretch woven and knit fabrics. In some cases students prefer to work on one project or others prefer to be helped on several garments to various stages; the choice is up to you!

**Please bring any notions that are required for the garment
(which is stated on the back of the envelope).**

Example of items needed:	Basic sewing supplies. (all Students must bring these, regardless of what project/s they are working on)
Original Pattern/Book or instructions for your chosen project	Sewing Machine: Please bring machine to class in good working order with full accessories & manual for machine.
Garment Fabric (pre-washed)	Pins
Muslin Fabric	Sewing Gauge
Lining	Marking Pen
Interfacing	Seam Ripper
Buttons/Closure	Point Turner
Thread	
Shoulder Pads
