

SUPPLY LIST FOR CLASS, DEMO, OR CLUB

**ARTISTIC DIGITIZER V2 (FULL VERSION) SKILL BUILDER
Donna Morton**

2025 saw the launch of Artistic Digitizer Version 2. This full featured software for all brands of embroidery machines has had some basic changes made to the workspace and some exciting and creative new features added. During class we will work with some of Anne Heine's video presentations and then concentrate on specific skills to meet the interests of class participants. This is a hands-on laptop computer class.
