Thank you for choosing Snip & Stitch Sewing Ctr. for your creative endeavors! Our team is excited to have you join our classes and learn new skills. To ensure an enjoyable and fair experience for everyone, we have amended our store policy regarding class enrollment.

Registration: By registering for a class, either online or in-store you are entering into a contract for participation in that class. Before registering carefully consider your schedule and availability before enrolling. You can register in store or online for your convenience. It is sew easy! (www.snipandstitch.com)

In Store Credits and Refunds: In the event that you are unable to attend your class we are unable to offer refunds or in-store credits. We understand that unexpected circumstances happen, but we are unable to accommodate individual refund requests.

Waitlist Exception: We do have an exception to our refund policy. If there is an existing waitlist for the class you are enrolled in and we are able to fill your spot with someone from the waitlist, we will then gladly provide you with a class voucher. Class registrations are non-transferable.

Class Requirements: Please note that classes have a minimum requirement of enrollment. We all work really hard to meet these requirements and run the class as scheduled. If the minimum class requirement is not met, participants will be notified 1 week in advance. In this instance where we cancel a class, a full refund will be issued. We at Snip and Stitch love what we do and try very hard to maintain a pleasant, enjoyable atmosphere in our classroom.

Make sure to bring all required supplies to class! There is a basic supply list for all classes and at times an additional supply list may be required and provided by our instructors. If you have any questions regarding a class or supply list, feel free to talk to one of our staff. A 15% discount will be given on any items purchased during class excluding items with prices ending in .99, sewing machines, sergers and cabinets.

**Thank you for letting us be a part of your
"sewing experience".**

BERNINA *Days With Roberta Wynnyk**made to create*

Roberta Wynnyk comes to us from BERNINA of Canada where she has worked since 2004. She has always loved creating at the machine and started by sewing clothing for her dolls and then herself. Her hobby lead her to the University of Alberta where she graduated with a BSc. in Clothing and Textiles. As life progressed, her sewing focused on home décor, children's wear and then teaching others what they could do. She is an accomplished seamstress and loves using digitizing software and embroidery on her projects. She has ventured into quilting and has written a Ruler Work technique book. Her favorite thing is working on BERNINA's top-of-the-line machines and equipment and sharing what she has learned.

**Stitch Wise: Create Your Magic**

Roberta Wynnyk - \$125.00 + Kit (\$40.00 - SWK1TR) must be paid at time of registration.

Kit includes - fabric, backing, batting, binding, stabilizer, zipper and thread

BERNINA*made to create*

Dive into the exciting world of computerized quilting! Learn the secrets to perfect PinPoint Placement in both block and edge-to-edge quilting, and add customized motifs using the other built-in features of your machine such as Stitch Designer, Jumbo Stitching and Multi-Directional Stitching. Use this opportunity to try the new magnetic and clamp hoops from BERNINA and see why they are so helpful for computerized quilting. Add binding and a zipper and stitch your sampler up into a handy clamshell pouch. Take what you've learned and get ready to finish your quilts on your BERNINA embroidery machine at home. Open to embroidery machines with the PinPoint Placement feature - B990, any 7 Series Plus E or Pro E, B590E and 880.

A long hoop is required - magnetic large, magnetic border, medium border clamp, giant hoop, jumbo hoop, maxi hoop or mega hoop. We do have hoops to share. Please ask if you would like to attend this event and don't have a machine featuring PinPoint Placement, call us and we will make arrangements to use a machine.

Sew Like A Pro!

Roberta Wynnyk - \$125.00 + Kit (\$40.00 - SLAPKR) must be paid at time of registration

Explore every feature on your machine. Press every button and learn how to access all the information waiting to help you there. Achieve the best results for your future projects as you learn to master unique features your machine offers, such as the BERNINA Stitch Regulator (BSR), Customized Stitches, Combo and Directional Stitching and Stitch Designer. As you embellish an Amanda Murphy panel with stitches you have learned to customize, you will try some of the fabulous feet and accessories from BERNINA, including Rulerwork rulers and the Magnetic and Clamp Hoops. Essential information regarding the care and maintenance of your BERNINA will add to your sewing success. We will also have a refresher on basic embroidery functions; including loading a design, combining it with lettering and editing the designs. We'll even try PinPoint Placement. Bring your machine and your questions and leave with knowledge, excitement and anticipation of your next project.

Every BERNINA machine in the 3 Series up to and including the B990 is welcome!

Introducing the BERNINA Hoop Frame - not just for BERNINA Machines! Demo

Donna - \$20.00

All New! Introducing the 5-foot BERNINA Hoop Frame. This frame is designed for minimal space requirements and is compatible with all brands of DOMESTIC sewing machines (recommended throat space 10"/25cm) as well as the BERNINA longarm machines Q20, Q16, and Q16Plus. The frame features optimal gripping during hooping.

Innovative clamps hold the quilted section to maximize quiltable space while the front rail with a ratchet system fine-tunes the tension, preventing puckers or wrinkles. Side leaders accommodate very small quilts and the easy access take-up rail allows for effortless machine changes. This setup enables comfortable quilting whether you prefer to sit or stand.

Come and see this great frame in action and find out why you need to add this to your quilting space!

21 UPCYCLED CLOTHING & WEARABLE ART

We are so excited to... Welcome Nelusha to Snip & Stitch's Teaching Team

Nelusha McDonald has been an art educator for over 15 years, inspiring students to tap into the creative passion that she would readily credit as a life force. Her re-fashioned creations and upcycled artwork have been published in several print magazines, featured online and can be found in the collections of several artsy fashionistas. She is a passionate facilitator, dedicated to the success of every learner. She considers her super power to be the gift of being able to guide learners towards uniting the right brain creator with the left brain thinker, connecting everyone who dares to let go with their imperfectly perfect creative muse.

I2HSS0326

Nelusha has been obsessed with refashioning clothes from a very young age. It began as a way to fit too big clothes onto her smaller frame but the opportunity to personalize ready to wear garments quickly became a passion. Nowadays, she's constantly re-imagining the untapped potential of everything she sees. Come join us for this show and share to get a glimpse of what a fabulized, re-imagined, upcycled wardrobe could look like. Spark your creative muse and unleash your imagination as we delve into all the many ways clothes-you own or thrifted-can be re-sized and re-fashioned into wonderful one-of-a-kind statement pieces! It is the ultimate creative self expression.

We are so excited to.... Welcome Lavonne to Snip & Stitch's Teaching Team

I have been a sewist all my life. I started out making fashion designs for my many dolls, most not so great, but some a real work of art. My mom was my inspiration for all the sewing I do. She sewed me and my sisters a new outfit for Christmas, Easter, first day of school and whenever we felt we needed a new outfit. She had a great fabric stash and never stopped buying those pretty fabrics. She also taught many different sewing classes. I guess the apple doesn't fall far from the tree!

Although I have sewed all my life, I only started quilting in 1998 and have taken many classes since then. My grandkids and kids have maxed out on quilts, my nieces have graduated and had their babies, many, many baby quilts later, my table says no more table runners needed, so then I turned to bag making with a passion. I love making bags, big or small, easy or more difficult, I love them all! And now I hope to teach you a bit about bag making and why I love it so!

We are so excited to.... Welcome Brenda to Snip & Stitch's Teaching Team

My 30 years of sewing began out of necessity, mending and making crude Halloween costumes for our 5 children, it was the only sewing I did. Then one January, as I was walking through the mall, I saw some beautiful Christmas fabric on sale and decided I could sew a straight line and make sets of re-useable gift bags for everyone in the family. They were a homemade gift and environmentally friendly which was a bonus. After making hundreds of bags, I graduated to pillow slip covers (more straight lines) and then began I Spy Quilts for all my nieces and nephews' new babies (more straight lines). It dawned on me all sewing was just straight lines which I could do. I wanted to learn more so I took my first bag class at Snip & Stitch Sewing Ctr. 20+ years ago from a gal named Kathy (lol). Made a rope tote bag and I was hooked!!! Began taking every bag making class I could find. I love the practicality and gift giving opportunities of bag/pouch/storage making and the endless patterns and ideas of how to use them, AND I do love the instant gratification that a quick little bag gives me - it pairs so great with quilt making for a change of pace. I've made thousands of bags and pouches over the years for my large extended family and friends. I simply love creating new ideas for small gifts, useful storage solutions and practical bags for a variety of uses.

The pattern Nevada by Villa Rosa is a great quilt top to learn all about endless quilting on your embroidery machine. Use a collection of 6 fat quarters to piece the top. Use the provided quilting design to learn how to use your Pin Point Placement on your BERNINA Embroidery Machine or Design Positioning on your Husqvarna or Pfaff Embroidery Machine. Also suitable for Janome 12000, 15000, 500E and 550E. Some Janome embroidery machines need an Acufil Quilting Hoop. Some Janome machines can use a DIME Magnetic Hoop.

Wondering What an Embroidery Machine can do for you? Demo

Donna - \$20.00

NEW CLASS!

It has been 35 years since the first home embroidery machines arrived on the market. Today's machines are easier than ever to use and the large hoops make many projects once dreamed about now possible. Come see how an embroidery machine can enrich your sewing room and take your creativity to the next level. Donna will show a brief history of her journey along the machine embroidery path and will show the various kinds of projects and techniques that the current models are capable of creating.

Hoopsisters Geese in my Cabin - Embroider Along Demo

NEW CLASS!

Donna - \$59.00 (must purchase design from our website)

Hoopsisters' methods are tried and true! Join this Embroider Along Demo and find out just how easy it is to create a quilt in the hoop that includes in the hoop piecing and quilting. Each of the 16 inch blocks consists of 9 units. Each unit has custom quilting included - - graceful swirls accented by echo quilting and some straight line quilting. The quilting forms a secondary pattern between the blocks. Make a quilt, a runner or just a pillow. This is a fun and relaxing project.

#1 - Thurs., April 16th - 2:00 to 4:30

#2 - Thurs., May 14th - 2:00 to 4:30

#3 - Thurs., June 11th - 2:00 to 4:30
Final Class

Purchase the design collection through Snip & Stitch Sewing Ctr. website - is required to participate in this demo class.

Supply list will be discussed and provided at the first class.
