Thank you for choosing Snip & Stitch Sewing Ctr. for your creative endeavors! Our team is excited to have you join our classes and learn new skills. To ensure an enjoyable and fair experience for everyone, we have amended our store policy regarding class enrollment.

- ♥ **Registration:** By registering for a class, either online or in-store you are entering into a contract for participation in that class. Before registering carefully consider your schedule and availability before enrolling. You can register in store or online for your convenience. It is sew easy! ([www.snipandstitch.com](http://www.snipandstitch.com))
- ♥ **In Store Credits and refunds:** In the event that you are unable to attend your class we are unable to offer refunds or in-store credits. We understand that unexpected circumstances happen, but we are unable to accommodate individual refund requests.
- ♥ **Waitlist Exception:** We do have an exception to our refund policy. If there is an existing waitlist for the class you are enrolled in and we are able to fill your spot with someone from the waitlist, we will then gladly provide you with a class voucher. Class registrations are non-transferable.
- ♥ **Class Requirements:** Please note that classes have a minimum requirement of enrollment. We all work really hard to meet these requirements and run the class as scheduled. If the minimum class requirement is not met, participants will be notified 1 week in advance. In this instance where we cancel a class, a full refund will be issued. We at Snip and Stitch love what we do and try very hard to maintain a pleasant, enjoyable atmosphere in our classroom.
- ♥ Make sure to bring all required supplies to class! There is a basic supply list for all classes and at times an additional supply list may be required and provided by our instructors. If you have any questions regarding a class or supply list, feel free to talk to one of our staff. A 15% discount will be given on any items purchased during class excluding items with prices ending in .99, sewing machines, sergers, cabinets and items already on sale.

*Thank you for letting us be a part of your  
"sewing experience".*

*— Kathy, Perry and the Team*

## Ron Collins - Quilted Sneakers Workshop

Ron Collins - \$150.00 + Supplies

Now here is a cool and creative way to add to your shoe collection with people saying, "I can't believe you made them!!!" The European design sneaker sole kit allows you to create your own quilted pattern that is available in unisex shoe sizes ranging from 36 to 47 (EU), the choice of 3 different sole colours (black, white or natural), choice of 3 different heights (super low/low/high tops) and contrasting fabrics for the shoe, tongue and lining. Fabric should be pre-quilted before class as per supply list.

The kit must be ordered well in advance of the class from Emmaline Bags, make sure to read the pattern so that you order everything you will need to make the shoes. Ron will supply the fabric hole punches and eyelet setters to use during class.

Join us in a fancy footwork workshop!

## Ron Collins One Day Workshop Pattern Alteration & Body Measurements

Ron Collins - \$155.00 (includes kit & supplies)

In this hands-on workshop you will learn how to identify fitting problems and how to solve them. We will also take 28 body measurements for you. Every student will have an alteration package to take home with them showing all the alterations that they have done. Ron will give you the inside scoop on what pattern companies run larger and which ones tend to run true to measurements. See the difference in sizing charts in major pattern companies and how to choose the right size for you and how to avoid disappointment in fitting.

## *Come and Test Drive the “BERNINA Q 16 Plus on the BERNINA Hoop Frame” With Donna*

All New! Introducing the 5-foot BERNINA Hoop Frame. This frame is designed for minimal space requirements and is compatible with all brands of DOMESTIC sewing machines (recommended throat space 10"/25cm) as well as the BERNINA longarm machines Q 20, Q 16 and Q 16 PLUS. The frame features optimal gripping during hooping.

Innovative clamps hold the quilted section to maximize quiltable space while the front rail with a ratchet system fine tunes the tension preventing puckers or wrinkles. Side leaders accommodate very small quilts and the easy access take-up rail allows for effortless machine changes. This setup enables comfortable quilting whether you prefer to sit or stand.

Come and see this great frame in action and find out why you need to add this to your quilting space!

## We are so excited to.... Welcome Anne to Snip & Stitch's Teaching Team

I started sewing more than 50 years ago and growing up my dream was to make a living sewing... and I'm so lucky to have done just that. My mom, who shares my love of sewing, got me started sewing when I was still in elementary school. I took every sewing class available in high school and many classes every year at The Sewing Show. As a young mom, I opened The Sewing Room sewing school and custom dressmaking business in 1991 so I could be at home with my kids and have a job I loved. Then in 2000 I co-authored a program to teach kids to sew and I have had a marvelous career teaching both children and adults. I retired the dressmaking part of the business in 2022 but carried on with the sewing school until this June. Now it's time to try something different and I'm very excited to share my knowledge and love of sewing with you.

## We are so excited to.... Welcome Lavonne to Snip & Stitch's Teaching Team

I have been a sewist all my life. I started out making fashion designs for my many dolls, most not so great, but some a real work of art. My mom was my inspiration for all the sewing I do. She sewed me and my sisters a new outfit for Christmas, Easter, first day of school and whenever we felt we needed a new outfit. She had a great fabric stash and never stopped buying those pretty fabrics. She also taught many different sewing classes. I guess the apple doesn't fall far from the tree!

Although I have sewed all my life, I only started quilting in 1998 and have taken many classes since then. My grandkids and kids have maxed out on quilts, my nieces have graduated and had their babies, many, many baby quilts later, my table says no more table runners needed, so then I turned to bag making with a passion. I love making bags, big or small, easy or more difficult, I love them all! And now I hope to teach you a bit about bag making and why I love it so!

## We are so excited to.... Welcome Brenda to Snip & Stitch's Teaching Team

My 30 years of sewing began out of necessity, mending and making crude Halloween costumes for our 5 children, it was the only sewing I did. Then one January, as I was walking through the mall, I saw some beautiful Christmas fabric on sale and decided I could sew a straight line and make sets of reuseable gift bags for everyone in the family. They were a homemade gift and environmentally friendly which was a bonus. After making hundreds of bags, I graduated to pillow slip covers (more straight lines) and then began I Spy Quilts for all my nieces and nephews' new babies (more straight lines). It dawned on me all sewing was just straight lines which I could do. I wanted to learn more so I took my first bag class at Snip & Stitch Sewing Ctr. 20+ years ago from a gal named Kathy (lol). Made a rope tote bag and I was hooked!!! Began taking every bag making class I could find. I love the practicality and gift giving opportunities of bag/pouch/storage making and the endless patterns and ideas of how to use them, AND I do love the instant gratification that a quick little bag gives me - it pairs so great with quilt making for a change of pace. I've made thousands of bags and pouches over the years for my large extended family and friends. I simply love creating new ideas for small gifts, useful storage solutions and practical bags for a variety of uses.

This expanded Machine Embroidery/Software Café Retreat is an informal way to get help with your embroidery or software products. Get help getting started with a project, fixing a mistake, finishing a project, transferring designs to your embroidery machine, or work on basic computer skills including help with embroidery software, internet smarts, email, etc. This is also a great class for those who have bought a previously owned embroidery machine and just need help getting going. The number of students per session is limited to ensure everyone gets the help they want. Register early so you will not be disappointed.
